

Exhibition

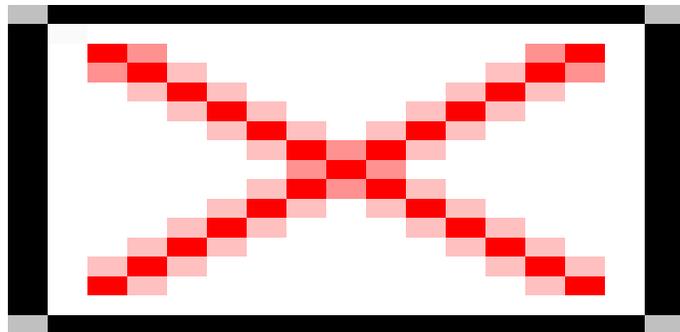

ICT2011 will focus on several topics emphasizing recent advances, developments, and applications in every aspect of thermoelectricity. Over 400 participants from more than 40 countries are expected to attend the conference. We have arranged for space for exhibitors to provide information on their products in order to help expand their business around the globe.

Companies interested in promoting their products and services at ICT2011 are invited to reserve exhibition space now! Your confirmation of attendance should be sent to us before April 30, 2011.
