

[One-Stop Service for Poster Preparation](#) **[1]**

To Poster Presenters

at the 32nd International Conference on Thermoelectrics (ICT 2013)

@Poster

One-Stop Service for Poster Preparation

How would you feel about going to the poster presentation venue empty handed?

The "@Poster" service saves you time by arranging the printing and placement of the poster, avoiding the necessity for you to bring it on the presentation day, and helping to reduce printing and sending costs.

Concept

A one-stop service that does the printing, cutting, mailing and placement of posters on behalf of presenters

The disadvantages of personally preparing a poster include:

- 1. the difficulties involved in cutting a personally printed poster,**
- 2. the inconvenience of carrying the poster when personally bringing it to the venue, and**
- 3. trouble placing it at the venue.**

To help avoid these problems, the Secretariat of the 32nd International Conference on Thermoelectrics is providing "@Poster," a poster printing and placement service for participating presenters.

Fees

Fees vary depending on the size of the poster and the data volume of the poster presentation. Both A0-size data files and data files comprising multiple A4-size slides are accepted.

Poster Size	No. of A4-size slides (landscape)	Fee (tax included)	Notes
900 (W) x 1,050 (H) mm	15 (3 across x 5 down)	6,300 yen	This fee applies to an A0-size poster: 841 (W) x 1,189 (H) mm
900 (W) x 1,260 (H) mm	18 (3 across x 6 down)	7,350 yen	
900 (W) x 1,470 (H) mm	21 (3 across x 7 down)	8,400 yen	

*The poster sizes listed above are standard. For inquiries about other poster sizes, please contact the Secretariat (see contact details below).

*The above listed fees apply to a full/final presentation data file transmitted online to the Secretariat.

Optional Service

☐ Printing of the presenter's name, affiliation and presentation title

Size: 700 (W) x 200 (H) mm Fee: 892 yen (tax included)

Features

1. Low Price

The key to achieving a low price is arranging the printing, mailing and placement of presentation posters as a one-stop service.

*The application deadline is June 20, 2013 (10 days before the commencement of the Conference)

*Presentation data in the form of multiple A4-size slides will be printed as a single-sheet poster.

2. Printed poster directly mailed to the venue

Presentation data sent to the Secretariat through the online data transmission system will be printed and mailed to the venue.

3. Poster placement service

Posters will be placed at the venue on behalf of presenters.

Schedule

May 1 (Wed.), 2013 - June 20 (Thu.), 2013

1

Online application

2

Receipt of poster presentation data through the online data transmission system.

3

An application/registration confirmation and fee payment notification e-mail will be sent to the applicant's registered e-mail address.

4

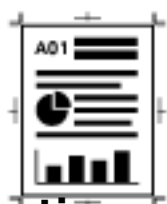

Payment of fee (by credit card)

5

After confirmation of payment, a notification e-mail for online data transmission will be sent.

6

Confirmation and adjustment of the completed poster image by the applicant. Proofing, followed by printing and cutting.

Application

Acceptance of online applications will begin in middle of April, 2013.
